Simple as A B C-It's the New Way o Curing Corns and Callouses.

If you have corns now, the chances are you have never used "GETS-IT," the biggest seller among corn cures ever known. It is the new way; does away with all trouble, pain and fusaing in treating corns. Thousands who

have puttered with old corns for years have gotten rid of them right off, with a few drops of "GETS-IT," applied as quick as you can spell your name. Corns just love to be cut, picked, filed, gouged and pulled. Quit it. You've tried cotton rings that cause shooting corn pains, greasy salves that spread over the toe and make it raw and tape that sticks to the stocking—now try "GETS-IT." It has none of the draw-backs of the old style corn curse, causes pain and never fails on any corn or callous. or callous.
